**NOTIFICATION FOR CORRECTION OF  
INVENTORSHIP UNDER MPEP §201.03**

Sir:

Applicants hereby provide notification for a request to correct the names of two inventors in accordance with MPEP §201.03. These errors are typographical errors and were not due to any deceptive intent on the part of Applicants.

Applicants have found typographical errors in the names of two of the inventors: Sara H. Basson and Dimitri Kanevsky. Applicants note that these inventors' names were inadvertently misspelled and that correction is required. At the time of filing of the original declaration, the names of these inventors were incorrectly spelled as "Sarah H. Basson and "Dimiitri Kanevski". The correct spelling of the inventors' names are "SARA H. BASSON" and "DIMITRI KANEVSKY". Please make such appropriate corrections to the names of these above-identified inventors.

Applicants note that a request under 37 CFR 1.48 is not required, and that notification of the error should simply be provided to the Office, as in the present matter. A new oath or declaration is also not needed. Applicants request that the reference to this notification be made on the previously filed declaration.

According to MPEP §203.01

A request under 37 C.F.R. 1.48 will not be required:

...

(B) Where a typographical error or transliteration error arose in the spelling of an inventor's name is discovered, the Office should simply be notified of the error. A new oath or declaration is not required. Reference to the notification will be made on the previously filed oath or declaration.

In view of the above notification, Applicants now submit that all requirements for changing the names of the above-identified inventors have been fulfilled and that such corrections be made. Applicants request a corrected official filing receipt in view of the above change. Applicants do not believe that any fees are required; however, if any fees are due, please charge any deficiencies in fees and credit any overpayment of fees to Attorney's Deposit Account No. 23-1951.

Respectfully submitted,

Andrew M. Calderon
